

E-Transportation Device Requirements

Including lithium-ion battery powered bikes, scooters and hover boards

1. All devices used on campus must be registered. There is no fee for this.
2. Always follow manufacturer's instructions.
3. Use only the battery and the charger that were designed for the device and that came with the device.
4. Only purchase and use devices, batteries, and charging equipment that are listed and labeled in accordance with UL2272 or UL2849 (Underwriters Laboratory).
5. Device must be plugged directly into a wall outlet during charging. Do not use extension cords or power strips.
6. You **must be present** during the entire battery charging process.
7. Do not block exit paths, hallways, or stairwells during charging operations or storage.
8. Do not continue charging the device or device battery after it is fully charged.
9. Only charge one device or device battery at a time.
10. Keep batteries at room temperature when possible. Do not charge at temperatures below 32 degrees Fahrenheit or above 105 degrees Fahrenheit.
11. Do not store batteries in direct sunlight or inside hot vehicles.
12. Do NOT ride any device inside any campus building.
13. Only have device repairs performed by a qualified professional.
14. Do NOT place lithium-ion batteries in the trash!
15. All users must comply with applicable traffic laws.

Please note: This does not apply to battery-operated devices such as, but not limited to, laptops, desk top computers, iPads, tablets, cell phones, ADA Mobility Devices, etc.
